### Cover Letter

The cover letter, no longer than two (2) pages, should be addressed to Angel Rodriguez, Executive Director, and summarize and describe the proposed development. The following elements must also be included and highlighted within the letter:

- **Offer Price** – A lump sum offer price is required. Proposals that seek a cash development subsidy will not be considered. Any deviations between your offer price and the appraised value of \$365,500 must be explained.
- General overview of the development, including number and types of structures and units, square footage, and total development costs
- Any required zoning variances or exceptions.

### Written Narrative

The narrative should describe how the proposed project best achieves all requirements of this RFP along with the following elements listed below. Please boldface each element within the body of the narrative:

1. **Offer Price:** Describe how the offer price was determined and how it is appropriate given the proposed project. Any deviations between your offer price and the estimated fair market value of \$365,500 must be explained.
2. **Proposed Use:** Describe the proposed project and how it meets the goal of affordability. Describe how the proposed design will complement and enhance the existing community.
3. **Development Timeline:** Describe how the development timeline was determined and how it is appropriate given the proposed project.
4. **Development Team:** Describe how the identified development team is positioned to successfully complete the proposed project and meet the requirements and preferences of this RFP.
5. **Project Budget:** Describe how the project budget was determined and how it is an appropriate representation of the proposed project.

6. **Financial Capacity:** Describe the source of, and ability to secure, the necessary funds to successfully accomplish the proposed project. Identify any anticipated financial challenges and describe how those challenges will be mitigated.
7. **Economic Opportunity and Inclusion:** Describe the identified development team's experience and working with Certified M/W/DSBE firms - defined as Minority Business Enterprises (MBE), Woman Business Enterprises (WBE), Disabled Business Enterprises (DSBE), or Disadvantaged Business Enterprises (DBE) - and track record for engagement and inclusion of minority workforce. Describe the project's plan for engaging M/W/DSBE firms and workforce. Note whether the applicant itself and/or other key partners, consultants, or contractors who are part of the identified development team are minority or woman-owned. If the applicant is a Certified M/W/DSBE, please submit information to confirm certification as part of the Proposal.
8. **Social Impact:** Describe the positive effect of the project on the surrounding communities. Applicants must demonstrate an ability to define, quantify, evaluate and track measurable outcomes relating to social impact.

### **C. Economic Opportunity Plan**

The Land Bank strongly encourages and promotes the employment of qualified M/W/DSBE firms. If the applicant is a Certified M/W/DSBE, please submit information to confirm certification as part of the Proposal. Applicants must complete and submit the "City of Philadelphia Economic Opportunity Plan" form attached as Exhibit "C".

The City has established a citywide goal of 35% M/W/DSBE utilization; however, the Land Bank encourages applicants to seek the highest levels of M/W/DSBE attainment that is reasonably feasible.

### **D. Marketing Plan and Income Eligibility**

Proposals must include a detailed plan and strategy to market the residential units. Describe the communications methods to be used, the intended target audience, and the timeframes associated with each method.

The marketing plan must also provide that the Philadelphia Housing Authority may exclusively market the units for the first thirty (30) days.

Income eligibility certification for each prospective purchaser of a unit will be conducted by the Land Bank, or other entity identified by the Land Bank.

The selected applicant's marketing plan will be subject to the Land Bank's approval pursuant to the Purchase and Development Agreement and, as such, will be subject to change. The selected applicant will not market, offer for sale, or enter into any sales or reservation agreement for any unit until the marketing plan is approved.

### **E. Deposit**

Proposals must include a deposit in the amount of one thousand five hundred dollars (\$1,500) or ten percent (10%) of the offer price, whichever is greater, in either a cashier's check, certified check, or money order made payable to the "Philadelphia Land Bank".

The selected applicant's deposit will become "hard" money upon signing the Purchase and Development Agreement, the form of which is attached as Exhibit "J".

At settlement, the deposit is converted into a "security completion" deposit (a/k/a performance deposit) and is held until the project is completed in accordance with the Purchase and Development Agreement. If the selected applicant fails to timely provide the required deposit, the applicant may be disqualified, at the Land Bank's sole and absolute discretion.

For those applicants not selected, the deposit will be refunded within thirty (30) days after mailing of a rejection notice. Interest earned on any deposits will not be paid to any applicant.

Proposals that do not adhere to the Instructions, the requirements of this RFP, or are not in compliance with the Land Bank's Disposition Policy may be disqualified pursuant to Section XIII below.

---

## X. EVALUATION OF PROPOSALS

---

Proposals deemed satisfactory following the Preliminary Review will be further evaluated using the scoring and selection criteria below. No one factor, but rather a combination of factors, will determine the successful applicant.

The Development Site will be awarded to the applicant with the highest score, according to the scoring and selection criteria below, subject to all required approvals as set forth in Section XII below and continued compliance with all applicable requirements.

### 1. Economic Opportunity Plan - (30 points max)

Proposals will be evaluated on whether or not they satisfy the City's M/W/DBE inclusion requirements. Applicants must demonstrate a commitment to a diverse workforce and, if applicable, a track record of economic inclusion and minority workforce inclusion.

### 2. Financial Feasibility - (30 points max)

Demonstrate and describe access to funding in an amount no less than the proposed project's total acquisition and development costs. Provide acceptable evidence of all financing committed to the project (whether equity, debt, or both). The budget describes, in detail, the sources and uses of funds and is appropriate for the proposed project. No Land Bank, City, or other funds or subsidies have been dedicated to this project.

### 3. Development Team Experience - (20 points max)

Identify all key members of the Development Team and their qualifications and experience to successfully complete the proposed project, including the development

team's shared history of completing similar projects. Also considered are any past defaults or notices of default regarding the acquisition or development of publicly owned property in the City and any pending legal proceedings; unsatisfied judgments; any pending fair housing or discrimination investigations or proceedings; and pending bankruptcy actions.

#### **4. Public Purpose - (20 points max)**

Proposals that do not meet the affordable housing requirements set forth in Section III will not be considered.

Features and finishes for all units must be consistent throughout the development.

Proposals will be evaluated based on the strength of their social impact (i.e. positive effect of the project on people and communities). Applicants must demonstrate an ability to define, quantify, evaluate and track measurable outcomes relating to a public purpose.

#### **5. Project Design - (20 points max)**

The Land Bank encourages Proposals that include residential units of two (2) or three (3) bedrooms and contain quality urban design, sustainable design, and conformity to existing zoning. The Land Bank encourages Proposals that seek to develop the Development Site in a thoughtful, consistent, and planned manner.

- Affordable Housing: All Proposals must meet the affordable housing requirements set forth in Section III. Proposals may include units to be rented to a mix of household income ranges. However, pursuant to Section III A and B, no less than 60% of the residential units produced shall be (i) reserved for purchasers with household incomes not to exceed 80-120% of AMI, and (ii) sold for a sales price not to exceed \$185,000-\$230,000. The Land Bank encourages Proposals that exceed this minimum requirement.
- Quality Urban Design: The Land Bank encourages Proposals that
  1. complement the existing neighborhood character;
  2. eliminate front-loading garages,
  3. limit curb cuts,
  4. maximize green and open-space opportunities,
  5. are built with quality materials and finishes,
  6. demonstrate appropriate scale with the surrounding residential uses,
  7. make use of structures that are sensitive to the pedestrian environment through building facades that are engaging and put "eyes on the street";
  8. incorporate crime-reducing design elements, such as adequate lighting;

9. enhance walkability and provide quality buildings by respecting the rhythms found in the size, placement, and proportion of entries and windows in other buildings;
  10. avoid garages that dominate the streetscape; and
  11. have dumpsters, electrical and mechanical equipment permanently screened.
- Sustainable Design: The Land Bank encourages Proposals that incorporate sustainable “green” design features, materials, and processes, including, but not limited to, LEED Certification, Energy Star, and other features that consider building performance objectives and building design guidelines that integrate energy efficiency.
  - Existing Zoning: The Land Bank encourages efforts to comply with the existing underlying zoning (refer to Section I for each property’s existing zoning). If this is not feasible, the Proposal must provide a clear, rational explanation as to why.

#### **6. Development Timeline - (10 points max)**

Demonstrate a thorough understanding of the development process including any and all potential delays (i.e. zoning approval, issuance of permits, construction milestones, etc.) and provide a timeline that is appropriate for the proposed project. The speed at which financing, zoning, settlement, and completion of construction occurs will be considered. Construction should be able to be completed within eighteen (18) months of settlement.

#### **7. Offer Price - (5 points max)**

The project will not necessarily be awarded to the highest bidder. Total offer price will be taken into consideration along with the other required elements of the Proposal. It is up to the applicant to engage in their own research to determine an appropriate and competitive offer price.

**East Parkside Leidy Avenue et al 081219 – Q&A  
September 3, 2019**

- 1. If there are squatters in a property and we incur L&I violations, but we cannot correct the violations due to the squatters. Can we write a letter as to why we will not get clearance?**  
Yes, you can provide a letter as part of your application.
  
- 2. Have you seen homes built outside of the 2 and 3 bedroom size?**  
According to the RFP, the Land Bank encourages proposals that include residential units of two (2) or three (3) bedrooms and contain quality urban design, sustainable design, and conformity to existing zoning.
  
- 3. Is there a min/maximum sq. ft for single family homes or condos?**  
The RFP does not require a minimum or maximum square footage for single family homes or condos. However, zoning may require a minimum or maximum square footage.
  
- 4. Can the units be rented and if so for how long?**  
The 40% of units that are not subject to the affordability requirements set forth in Section III of the RFP may be rentals. There is no restriction as to how long these units can be rented.
  
- 5. Is there a rental cap for AMI?**  
The 40% of units that are not subject to the affordability requirements set forth in Section III of the RFP may be rentals. There is no restriction on rent for these units.
  
- 6. Can the facades of the properties be different than what's existing in the neighborhood?**  
Yes, but, according to section X of the RFP, the Land Bank encourages proposals that complement the existing neighborhood character, demonstrate appropriate scale with the surrounding residential uses, make use of structures that are sensitive to the pedestrian environment through building facades that are engaging and put "eyes on the street", enhance walkability and provide quality buildings by respecting the rhythms found in the size, placement, and proportion of entries and windows in other buildings, among other things.
  
- 7. Do you have to develop each lot? Can one lot be a garden?**  
The Land Bank expects the developer to develop the project in accordance with plans approved by the Land Bank, which may include a garden. Please note that proposals for the purchase of less than the entire development site will not be considered.

**8. Why are there two meetings with the Land Bank board of directors?**

In section XII of the RFP, approval of the Land Bank Board of Directors is listed twice. It should only be listed once in #5. The reference in #2 is a typo.

**9. Does art percentage apply?**

No, the Percent for Art requirement does not apply.

**10. I was reviewing the RFP for East Parkside and I noticed on page 4 that "First floor must consist of commercial space and/or community amenities". I assume this is an error since the current zoning is RSA-5 and on page 12 "The Land Bank encourages efforts to comply with the existing underlying zoning".**

This is an error. There is no requirement for commercial space or community amenities in this RFP.

**11. Regarding the proposed new construction for the 21 parcels in the East Parkside neighborhood, are your maximum sales prices \$185,000-\$230,000 based on single-family dwellings or single-family dwellings with multiple units i.e. condos and apartments?**

The limitation on sales price set forth in section III of the RFP is applicable to single-family dwellings and each unit in a multi-family dwelling.

**12. Based on my reading of the RFP it appears that 60% of the units must be listed for sale as affordable. Is it the case that they must be sold?**

Yes.

**13. If so, is there an opportunity to rent the units during the sales/marketing period?**

No.

**14. What options does the developer have to mitigate the loss, if the units are not selling?**

The developer should consider market conditions in their development plan. The Land Bank is not responsible for market conditions.

**15. One of the requirement is "First floor must consist of commercial space and/or community amenities". This appears to be somewhat of a scatter site RFP, where some of the lots (i.e. 1223 N 42ND ST) are in the middle of the block, and it would be impractical or impossible to achieve this requirement. Can you be more specific as to the application of this specific requirement? Can you please also define "Community", are you referring to the public community, or the community limited to the residents who will occupy the proposed development.**

This is an error. There is no requirement for commercial space or community amenities in this RFP.

1234 Market St., 16<sup>th</sup> Floor, Philadelphia PA 1910  
philadelphialandbank.or

**16. In the project design portion of the RFP, the RFP encourages that the developer utilize existing zoning; however, it seems that there is a conflict in the mandatory requirement of having a commercial space on the first floor and the RSA-5 (single family) zoning that is in place for all of the lots in the RFP. Does the landbank anticipate an imminent zoning district change which will rezone some or all of the proposed lots, prior to development?**

This is an error. There is no requirement for commercial space or community amenities in this RFP.
