

## Bethy Burying Ground Memorial Project at Weccacoe Playground RFP

### Questions/RFIs:

1. Should the proposal include the cost of engineered design electric drawings and signed and sealed electric drawings for permits or will the City of Philadelphia supply the required drawings?

**Design Team Response:** Yes, the contractor will need to supply signed/sealed engineered electrical design drawings for permits. Neither the city of Philadelphia nor the design team will provide additional drawings or specifications to secure the electrical permit.
